COMPANY PROFILE

CASHMERE POLO CLUB®

The story of Cashmere Polo Club is the passion of a man for exclusive cashmere knitwear. Bringing together traditional craftsmanship and innovation to produce the finest quality of garments.

Although a relatively young company, the founder has more than 20 years' experience in high quality knitwear design, manufacture and retailing.

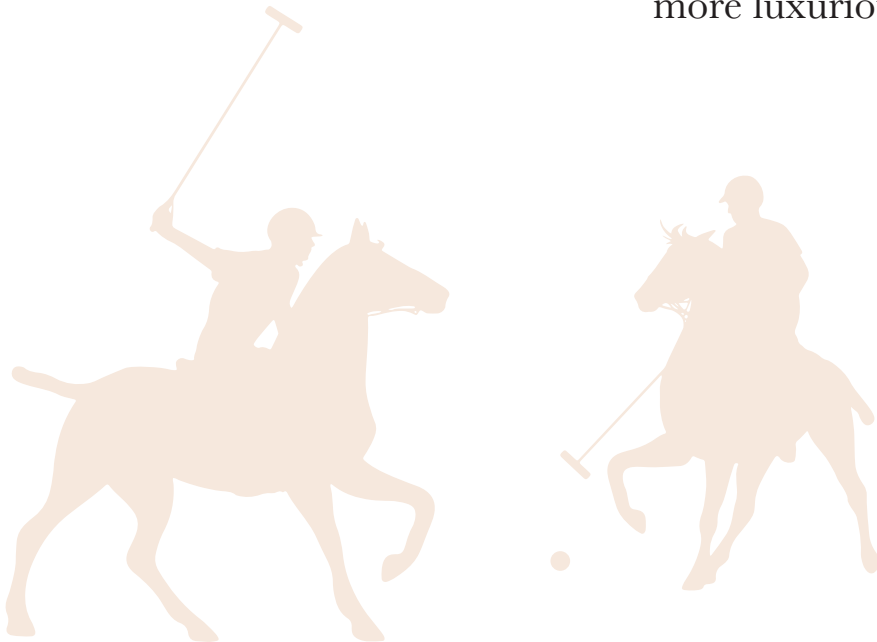

Cashmere Polo Club is a contemporary cashmere brand that fuses classic and stylish design with the luxury of cashmere to offer a product of supreme quality. It is committed to quality and uncompromising standards in materials, designs and craftsmanship. The company uses only the world's finest yarns from Loro Piana, Italy.

THE MANUFACTURE

The CPC preserved a unique heritage combining ancient techniques and the latest innovations to create sublime pieces of subtle elegance and daring. Particular care is taken in the choice of materials and finishes, for fair and well thought-out products and silhouettes with impeccable cuts. Soft and luxurious, our pure cashmere is superior to many other brands.

CPC mainly uses exceptional yarn from Loro Piana, flagship of the LVMH group. Loro Piana produces the finest cashmere in the world, incomparably soft and extremely fluid. Flexible and breathable, it acts like a second skin and its fiber naturally adapts to changes in thermal conditions. In this segment, there is no more luxurious than the cashmere of Loro Piana.

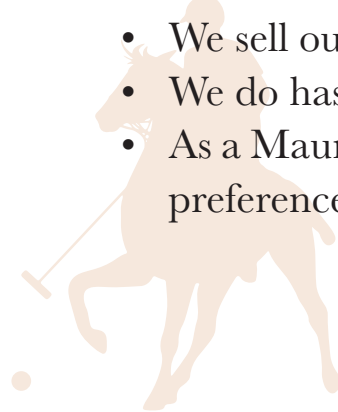

WHAT SETS US APART ?
