KNITTED SOCKS

Knitting any design onto our socks. Knit is exactly what you would probably expect it to be...the design is knit into the sock on a knitting machine. Our design team works directly with our machine technicians to ensure that the designs created do not exceed machine capabilities. You can either send us your artwork, or our super-talented design team can whip up some ultra-cool designs for you!

DIGITAL PRINT

Printing anything onto our socks. Matelot digital printing processes have been developed specifically to address quality, efficiency, and cost using the latest in printing technology to deliver
