AFRICAN CONTEMPORARY CLOTHING AND ACCESORIES

ABOUT US

Ledikana is a South African fashion and accessories brand based in Johannesburg. We specialise in the manufacturing of contemporary African garments, hats, and other fashion accessories. Our products are locally made and culturally inspired.

We empower and help develop the skills of women across South Africa, mostly sole breadwinners and pensioners from the rural areas of Mpumalanga, Kwa -Zulu Natal, Eastern Cape and Gauteng.

Style and quality is at the forefront of our manufacturing process.

BABINA NOKO

Noko (Porcupine) is a Totem for Bapedi tribe spread across the country. One of their kings is Kgoshi Sekhukhune the 1st. This blanket is designed by Ledikana to honour and celebrate this great nation. A porcupine quill symbolizes the rich heritage of Bapedi nation.

LEDIKANA REACHES OUT

Ledikana reaches out" is a community outreach initiative embedded in our mission statement and in line with our organisational culture. It seeks to improve the skills and empower women and children residing in the community in which Ledikana operates.

Our main focus is on the empowerment of women and child headed households where these individuals are seen as the sole bread winners of their families. Community from the perspective of Ledikana is not restricted to the physical location in which the business operates but rather the country in which it operates as we serve, improve and empower communities nationwide and not only in Johannesburg. This initiative was inspired by the concept of Ubuntu and the spirit of giving back. We believe that an individual does not live in isolation and one is who he is today through the helping hand of the people and community around him. As a result, it is only fitting that we give back and empower the same community that has empowered us.
