

# **NiNiNi**

**Hand made in the  
Eastern Cape  
South Africa**

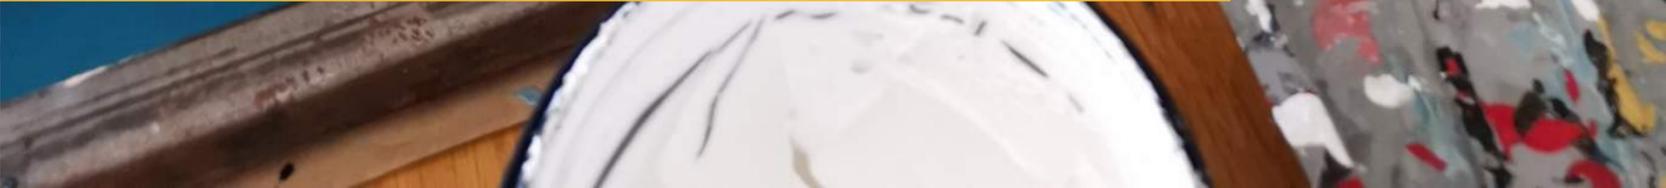

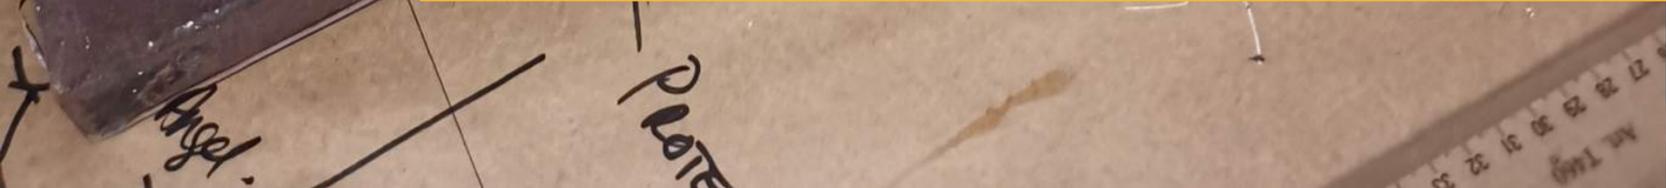

Born in 2019 in Kidd's  
Beach, Eastern Cape.

All our products are designed,  
printed...

Cut and  
sewn  
with love  
by NiNi

**NiNi**

NiNi strives to use natural fabrics wherever possible

We love to  
create  
products  
that are  
beautiful,  
each a work  
of art...

...but also practical in every day life.

From the kitchen...

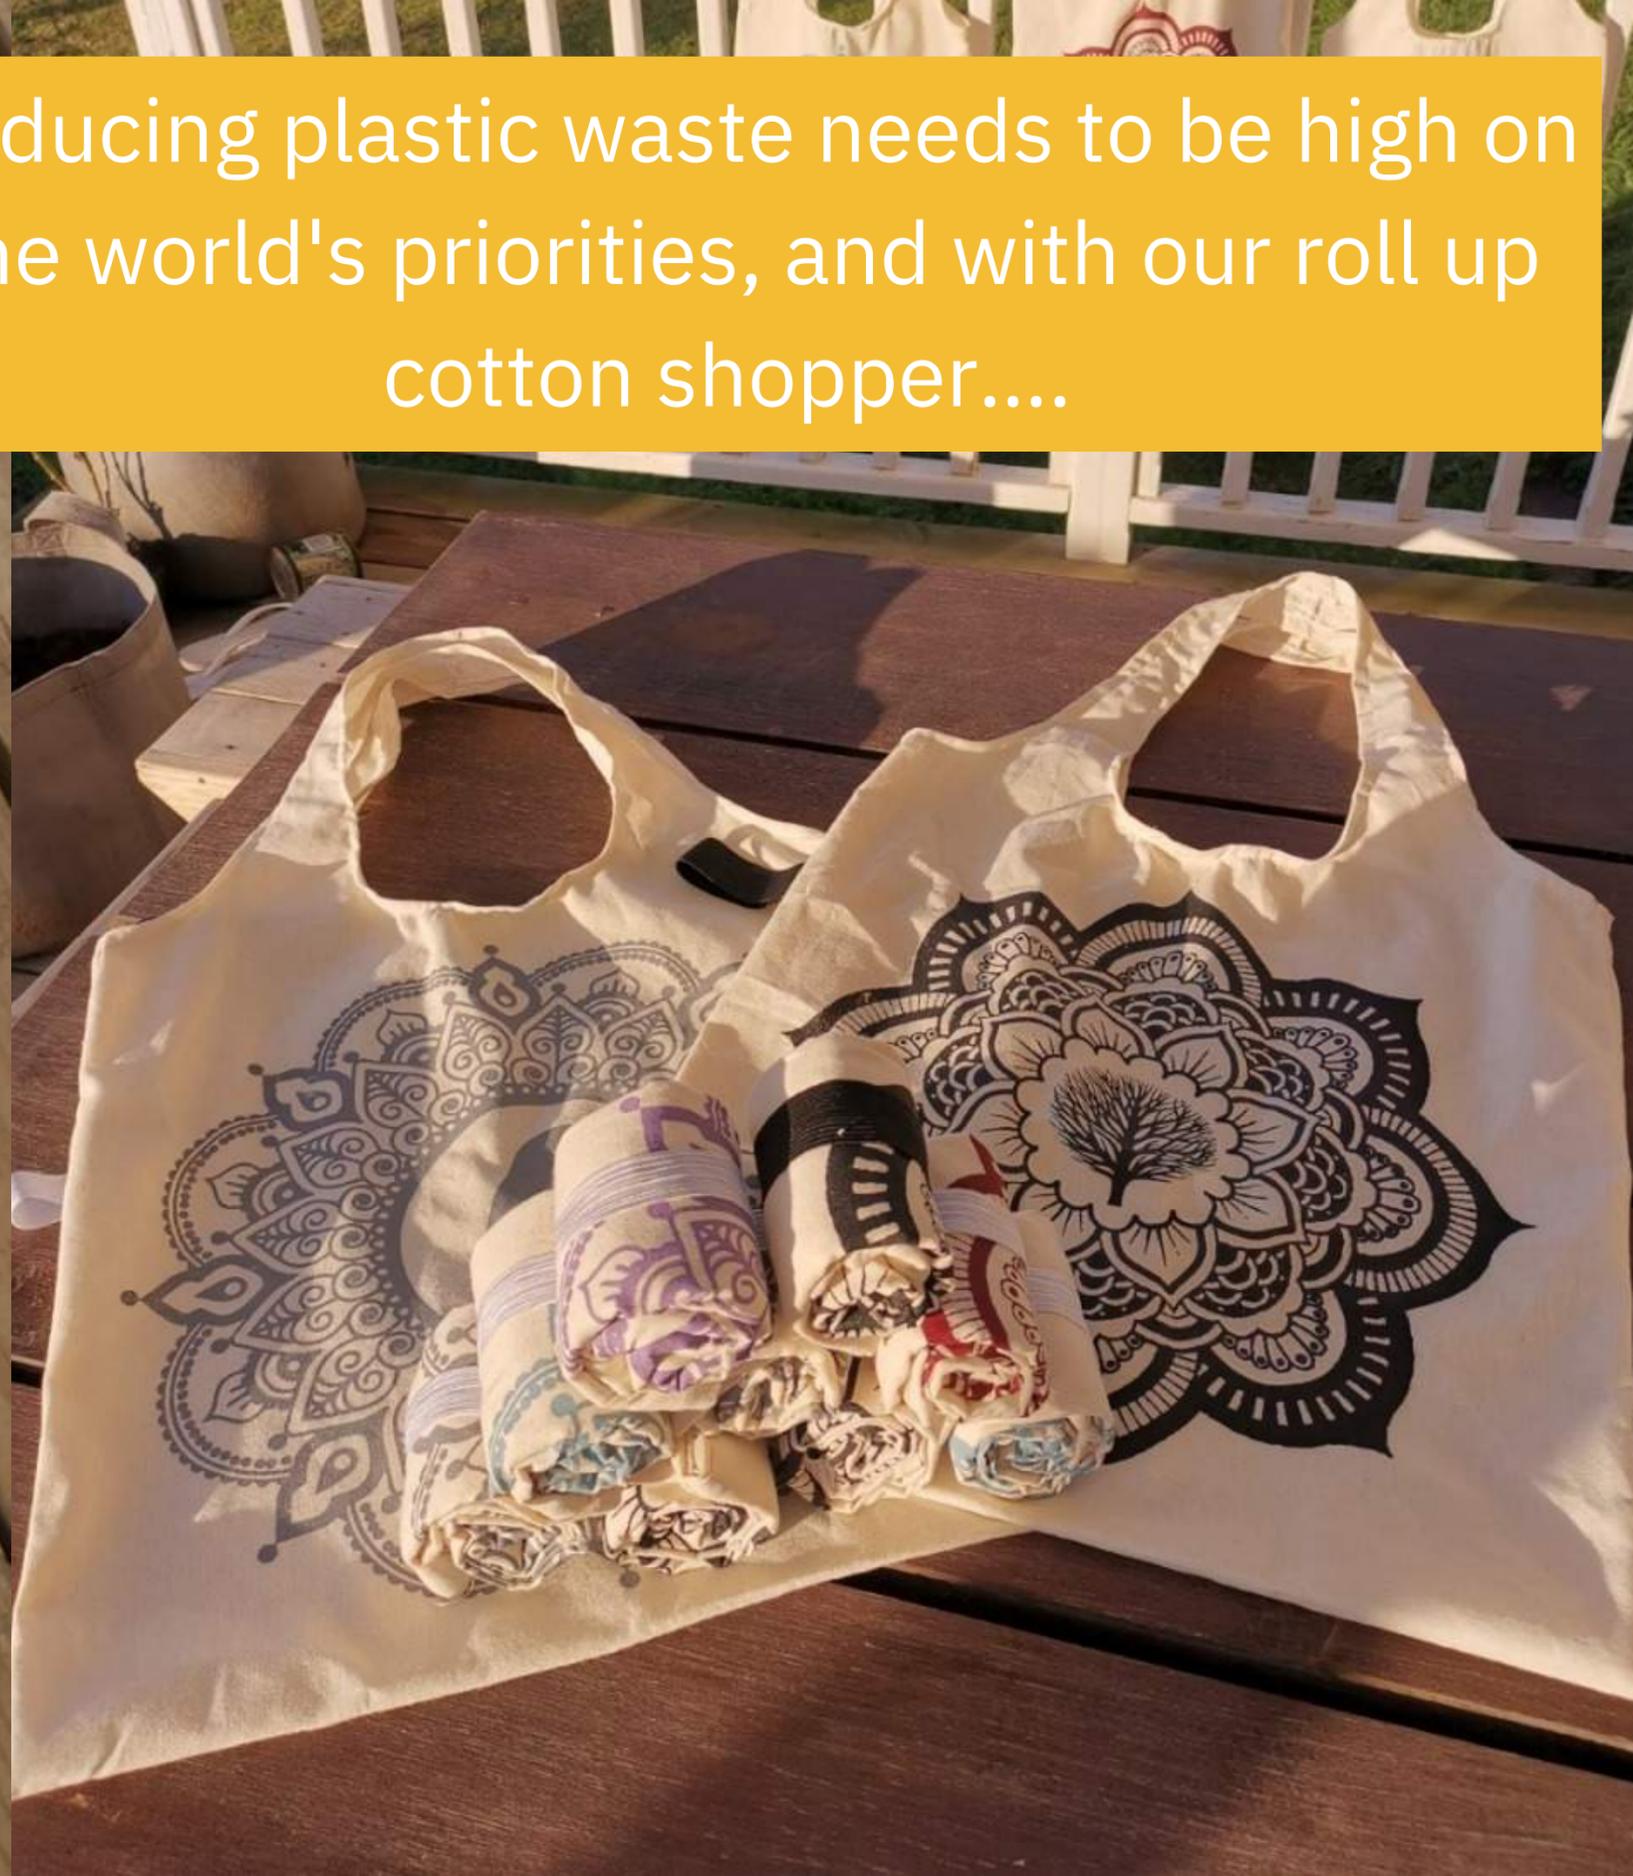

...to the table

Entertaining is made easier with our  
100% cotton dish covers

Reducing plastic waste needs to be high on the world's priorities, and with our roll up cotton shopper....

...and cotton net produce bags, each shopping expedition is stylish and earth friendly.

Our fun reversible tote bags can either be used as a shopper or for a quick day trip

NiNi's cotton canvas bottle bags with leather handles have an African safari feel and are a wonderfully stylish way to arrive at a dinner party

...and behind the entertaining is the world of housework so we wanted to bring you some beauty for your washline!

Covid-19 has brought changes to everyone's way of life. NiNi has moved with these times and now has a range to make life a little easier.

These include a range of buff-like face coverings

...and clip bags containing sanitizer and a small hand towel.

NiNi can also design and create corporate gifts and promotional products

featuring your unique design
