The future of fashion is green

Recycled with purpose. Styled with pride.

We're proud sponsors of the 2025 Celebration of Fashion at the AllFashion Sourcing Summit, which will spotlight designers like Vivacious Eco Vixen, Madi Lucent, and Ambesha Africa. From upcycled leather to bold eco-accessories, they're shaping a sustainable future.

Welcome to allfashion sourcing Cape Town 2025

Dear Valued Exhibitors and Visitors, Welcome to Allfashion Sourcing 2025!

After a jam-packed 10 months, we're thrilled to open the doors to what promises to be our most exciting edition yet. This year, we made the bold move to shift the show dates to align with local sourcing and procurement cycles — a strategic decision aimed at bringing global sourcing opportunities directly to the heart of our local industry.

Together with industry professionals, we've worked hard to ensure that this year's event is truly aligned with market needs and expectations. Every decision, every activation, and every detail has been carefully considered to offer maximum value to all participants.

We extend our heartfelt thanks to our valued sponsors and partners, and to each and every exhibitor — near and far — who brings incredible energy, innovation, and inspiration to the exhibition floor. Your presence enriches this show.

We are proud to welcome back national and international pavilions from the Eastern Cape, Lesotho, Ethiopia, China, and India — your continued support speaks volumes. A warm welcome also to our exhibitors from Italy, the USA, and India, and of course, to our local exhibitors, whose participation has doubled since last year. That's a massive milestone — and a clear sign of momentum in our local sector.

One of the true highlights of this year's show is the AFS Range — my passion project and our statement installation at the entrance of the show. This special showcase is designed to spark meaningful conversations around sustainable fashion with intention. It's been a joy to collaborate with the incredible designers involved and to partner with Devon Anderson from The Platform Africa. Thank you for helping bring this vision to life.

Our carefully curated keynote addresses and panel discussions are packed with insight, value, and actionable knowledge for all attendees — whether you're a supplier, manufacturer, designer, retailer, or buyer.

A special note of appreciation goes to our colleagues and partners from China, CPT, and CCPITex — thank you for your dedication and collaboration. To all involved: your efforts are felt and deeply appreciated.

This event is unique in its kind — a trade fair with a clear purpose: to serve, support, and promote the growth of our industry, both locally and globally.

My personal wish for Allfashion Sourcing is that it becomes an annual gathering of industry leaders, professionals, and innovators — a place where meaningful connections are made and the future of fashion is shaped together.

To my amazing team — none of this would be possible without you. I see you, I appreciate you, and I am so incredibly proud of what you have built. You've created something truly special.

Be proud. Be lekker.

Warm regards,

MELISSA LEWIS

Show Director:
Messe Frankfurt South Africa

MADE IN AFRICA. MADE FOR AFRICA.

A Sustainable Growth Industry.

The IDC Textiles and Wood Products Strategic Business Unit aims to grow a locally competitive industry built on strategic partnerships and entrepreneurship, by making use of a *Made in Africa. Made for Africa* approach to funding. This sector currently supports a variety of enterprises and is actively focused on the development of a viable model for a competitive and sustainable localised clothing and textile industry.

Through partnership, development and local investment, we will weave our economic future.

中国国际贸易促进委员会纺织行业分会

The Sub-Council of Textile Industry,
China Council for the Promotion of International Trade (CCPIT TEX)

CCPIT TEX

CCPIT TEX, established in 1988, is under the leadership of China National Textile and Apparel Council (CNTAC).

With the mission of promoting communication and business cooperation between Chinese textile and apparel industry and international industry counterparts and business community, CCPIT TEX has gained global reputation for its professionalism and excellent networking in the industry.

Taking the advantage of strong connection with most of top grade Chinese textile and garment related manufacturers and fashion institutes, CCPIT TEX has been contributed greatly to the development of Chinese textile and apparel industry and now focusing on the upgrading and structure adjustment to offer better service and product to Chinese domestic and world market.

CCPIT TEX is the Top1 show organizer of international textile and apparel trade shows in China. The prestigious shows owned or managed by CCPIT TEX in China including 'CHIC', 'Intertextile Shanghai (four editions every year for apparel fabrics and home textiles)', 'Yarn Expo', 'CINTE Techtextil Shanghai', 'PH Value', 'ITMA Asia+CITME'. The exhibiting space reached over 1 million square meters yearly. In cooperation with strong foreign partners, CCPIT TEX also expanded its outbound shows successfully in New York, Paris, São Paulo, Cape Town, Dhaka, Lagos and etc. The net exhibiting space for all the outbound events reached 20,000 square meters yearly.

Main business:

- Organizing textile and garment trade shows and expositions at home and abroad.
- Organizing activities on international trade and technological communication in textile circle.
- Oversea investigation and international communication.
- Information consultation.

Your world's number one for textile fairs

The Messe Frankfurt network links the leading international textile trade fairs. At 60 fairs worldwide, we show the forces driving the sector. Today, the latest themes, trends and contacts already attract more than 23,000 exhibitors and more than 500,000 visitors from all around the globe. Whether Frankfurt, Paris, Shanghai, Tokyo or New York – we generate impulses for the entire textile value chain.

The comprehensive Messe Frankfurt Texpertise business network covers the entire textile value chain, including research, development, yarns, fabrics, apparel, fashion, contract production, home and interior textiles, technical textiles, processing and cleaning technologies.
